JOHN BROWN'S WALLOP DID IT

Stored Away Goddard Scalp for I. A. C. in 12th Inning

NIP AND TUCK GAME SATURDAY

Crowd Worked into a Frenzy of Baseball Ex-

citement

It took 12 innings and a sturdy wallop from Jack Brown for the Italian A. grudge against the box office. C. to make its stand against Goddard Burns and Brickley are among the next seminary at the Berlin street grounds best bets. Saturday afternoon, but a defeat of the week previous was avenged when the of brilliant fielding exploits. club team nosed out a 6 to 5 victory. Seasons will wax and wane ere a Berlin street crowd is thrown into such a frenzy as the whirlwind finished. The motors in both scoring machines went dead after the fifth frame and it was not until the twelfth inning that Goddard broke a 4 to 4 tie by pushing across a run that promised momentarily to win the game. Promised is the word, but the promising with a future. elements forgot to reckon with Brown and his trusty willow, with two men should not be postponed to 3:30. There on at 6 o'clock of a cold spring night, the is always a possibility of extra innings two bases and the jig was up.

Because the weather clerk has seen fit to continue the snowshoeing season into the lap of June, the crowd attained to the proportious of a prohibitionist ward caucus in Covington, Ky. But those who braved the rigorous weather, as the once-in-awhile baseball reporters say, saw an 18-karat game. There were mis plays but they were not all responsible for the scoring and the play was of such uniform excellence that the issue was very much beclouded to the last. Hetherton, a Goddard fledgling, did his bit in the box until chased in the 5th and after that a portsider named Bridgford, also a newcomer at the seminary, went against all the I. A. C. dope by holding his opponents scoreless till the 12th. By many bingles, the Italians outhit the schoolboys and very often before extra innings were reached they were near to

The Italians got their first brace in the second canto when singles by Stuart, Starr and Bottiggi, a double by Clari and John Brown's carefully plotted sac-rifice netted two runs. The team re-peated in the fourth, Brown and Clari each walked and scored on Davidson's two-bagger to the sun garden. After that the lull. Thereafter the Italians were able to dispose men on bases in nearly every inning, but the final punch was lacking. Shea executed a pretty double, unassisted, in the ninth and in the eleventh Lavoie's fumble of a roller from Davidson made an opening, but expectations took a slump when Comolli grounded out. In the last inning John ston singled neatly down the first-base line, but was headed at second when Boyle fielded Stuart's grounder to Lavoie. Starr got a life on Lavoie's fum ble, which advanced Stuart to second.

Ready for the grand entrance musiand make way foh Mistah Jack Johnsing Brown. The wily vaudevillian did not wait to look them over, but selected the first offering from Bridgford. It was in the nature of a straight one and Jack's bat killed it smartly on the cheek. Stuart and Starr were off like a couple of greyhounds and when the shouting and the tumult died the pair had scored and Brown was grinning fiendish-

ly on the second sack. After threatening advances in the sec ond and third frames, Goddard made the most of liberal dispensations from the moundsman in the fifth and collected four runs. Melanson filled the bases by walking Shea and Jacobs and winging Brickley. Shea was enabled to amble home on a wild throw to first and Brickley scored from third on Burns' high-fly sacrifice to Bottiggi, who did not return in time. Lavoie's single meant another run, for Jacobs tallied thereon and Lavoie himself registered when Davidson passed up a bot one from Smith. In the sixth and ninth there were rumors of scoring, but the real fireworks for Goddard came in the 12th, Burns sent a high one to Bottiggi, whose muff, although entered as an error, was entirely excusa-Lavoie walked and Smith flied to Clari. It was on Tryon's sizzling grounder through shortfield that Burns scored and Lavoie advanced to third. Boyle fanned and Bridgford opened the way for the Italians' garrison finish by rolling his pitchers held out he would easily win out to Johnston.

Jack Coombs is the Liberty bond treasirer of the Brooklyn ball players, and it is said they have already subscribed \$25,000. Chief Meyers is the leading man with funds, he having placed \$10,-000 in the loan, while Jack Coombs is second with \$6,000 and Casey Stengle third with \$1,000.

More Than 100 Were Killed in Illinois Tornado

SEVERAL TOWNS

WERE STRUCK

ferer-Thirty-Two Dead in Charleston

Chicago, May 28.—Spring tornadoes, making their appearance earlier than deaths of more than 100 persons Saturday and Friday; the injury of several hundred more and property damage which cannot be estimated because of serious loss in growing food crops.

Mattoon, Ill., was the heaviest sufferer in the storms, from 50 to 70 persons being killed there late Saturday. In Charleston, Ill., 32 persons were killed by the tornado Saturday after-

noon, according to advices received by the Big Four railroad at St. Louis. Tele communication with Charleston was interrupted before it could be learned how many were injured. The number killed in Mattoon was

over twice as many as were killed in Kansas on Friday, when the village of Andale virtually was wiped out, and heavy toll taken in the surrounding country. The dead there was estimated at from 24 to 30. The storm Saturday wrecked the northern half of Mattoon, including nearly all the business section, and rendered 2,000 persons homeless,

While the principal force of the storm struck at Mattoon, other sections of Illinois were visited by vagrant tornadoes, which left death and destruction as they twisted through a rich farming territory Casualties were reported as follows: Westervelt-Five dead, 21 injured

hree of whom will die. Manhattan-One dead, six injured. Joliet-Two injured.

Elwood-Four injured.

Modesto-One dead, nine fatally hurt Pearl-One fatally injured, four hurt. Early reports of property losses indi ated that serious damage had been done to many towns. Substantial factories were blown to splinters in Mattoon. Joliet estimated \$500,000 damage in Will

Hail followed the wind in many places, beating growing crops to the ground. About 50 persons were killed and more than 300 injured when the tornado struck Mattoon, Ill., late Saturday. The entire business section of the town is wiped out and upward of 2,000 are home ess. The storm, traveling from east to west, destroyed virtually the entire northern half of the town, leaving no building standing for a section several blocks in width. A lumber yard directly in the path of

the tornado contributed largely to the damage. Flying planks struck a number S. Guidici 122 were hurled for miles around the countryside, one being discovered sticking through the side of a farmer's house, Bits of broken and twisted steel also flew through the air, damaging buildings en-tirely out of the path of the storm. A canning factory contributed to the loss

Rescue work was begun almost imme diately. Within an hour every church and public building standing was filled with injured, many of whom were unable to obtain medical service. A heavy hail storm which followed the wind hampered the work of rescue and late into the night persons were being dug from the ruins of wrecked buildings. City officials asserted that there is a possibility that the death list may be materially in-

creased when the full extent of the damage is determined. Few reports from the surrounding farm country were available, but it was not believed that the damage anywhere in this vicinity was as great as in Mat-

In addition to pleas for doctors and nurses, the mayor sent an emergency call to Gov. Lowden for at least two companies of the state National Guard to be used in policing the ruins.

The wind played the usual number of freakish tricks. A scantling from the lumber yard passed entirely through a home in which the family was dining, he has never used it since he entered his career as a professional ball player.

It looks as though the Philadelphia hurtling through the air over their heads, and cut through a window without injuring any of the diners.

Wire and rail traffic was virtually at a standstill for hours after the disaster, miles of poles in each direction from Mattoon being levelled. Rails and ties were torn up bodily.
